Miners On a Strike.

The miners at Warrenton, O., are on a strike against a reduction of five cents a ton. A party of national and district officials, including Jerry Mead, of this city, was at the place night before last, in attendance at a meeting of the local union there, but nothing was accomplished toward a settlement of the difficulty.

No Demand for Coal.

The miners at the Dillonvale, Long Run and Laurelton coal mines have made only two days the past two weeks, and will have very little work until the lake trade opens. Many of the miners are leaving.

Will It Go on Non-Union?

Many rumors are in circulation concerning the probable resumption of work at the Buckeye glass works, some of which are silly and others are without foundation. If the factory goes on it will probably be operated by non-union men. The union men are considerably excited and are more active than for some time. From what could be learned, no non-union men had arrived up to last night.

Important—If True.

A special telegram has been sent out from Bellaire, which seems to be two-thirds guess work and one-third invention, as follows:

Fifteen hundred men employed in the Etna-Standard iron works, at Etna, Pa., will probably have to remain idle, as the company will not accept the Amalgamated association scale on the plates and will close down the mill indefinitely.

Joe Kress's Suicide.

It seems an assured fact that the report that Joe Kress, formerly a member of the Wheeling fire department, committed suicide in Pittsburgh, was true. His wife had recently secured a divorce from him here. He made two efforts to kill himself here, and there is little doubt that he was deranged. He was at one time in the United States regular army.

Transfers Recorded.

Clerk Hook yesterday admitted to record transfers of real estate as follows:

January 17 by David and John Ross to John McCrum, for \$900, the coal rights and the fixtures of a coal bank on said McCrum's land.
January 16 by Henrietta Speyer to William M. Marsh, for \$3,900, the east half of lot 9 in square 22 in the Bellaire addition, located on Thirteenth street.

Mr. C. Schambra Dead.

Mr. Conrad Schambra, a well known tin and sheet iron merchant on the Second ward market square, died yesterday, after a short illness. He was a native of Hesse, and was born in 1835 and came to this country in 1853. He was an old and well respected citizen of Wheeling, and leaves a wide circle of friends. One daughter survives him, with his wife. He was a prominent member and treasurer of St. Jacob's church. The funeral will be Sunday afternoon at 2:30.

Delicate Surgical Operation.

C. S. Meighen, who returned to Moundsville from Bethany the fore part of the week for the purpose of resuming his law studies, was taken seriously ill the following day with peritonitis. An operation was performed on him yesterday afternoon by Drs. Ackerman and Wiegert, of Wheeling, Dr. T. H. Meighen, of Benwood, and Drs. Bruce & Schmid, of Moundsville. He rallied from the operation and now has a fair chance for recovery, though he is still in a critical condition.

A Carpenter Badly Hurt.

Emmanuel Bralette, a carpenter residing in Bridgeport, was at work on the roof of the Etna-Standard iron and steel company's office yesterday, when he slipped and fell to the ground, a distance of thirty-five feet. He alighted on his shoulder and side of his head. His shoulder bone was broken and protruded through the skin. His head was badly hurt and he was spitting blood. The unfortunate man was taken to his home unconscious, and at last accounts was said to be in a very critical condition with but slight hopes of recovery. He has a wife and four small children.

In the Circuit Court.

In the circuit court yesterday Louis Becker, a native of Germany, was admitted to citizenship.

The argument in the matter of the application for the incorporation of the town of McNeenon was concluded and Judge Campbell took the matter under advisement.

In Judge Paul's court, in the case of Amelia Plate vs. George L. Durst, the jury brought in a verdict awarding her \$87 40, which includes interest. A motion for a new trial was made and not for argument next Tuesday.

Judge John A. Campbell was at Moundsville yesterday holding a special term of circuit court, in the absence of Judge Paul, who was detained in Wheeling. No orders were entered except in relation to the Wheeling Bridge & Terminal condemnation suits.

In Olden Times

people overlooked the importance of permanently beneficial effects and were satisfied with transient action; but now that it is generally known that Syrup of Figs will permanently cure habitual constipation, well informed people will not buy any other laxatives, which act for a time, but finally injure the system.

LOCAL BREVITIES.

Matters of Minor Moment in and About the City.

MATINEE at the Grand to-day.

THE GRAND this evening—Jarbeau Comedy Company in "Starlight."

THERE was not a case for the police court yesterday, and the mayor and clerk got a rest.

The bed plate on No. 3 mill at the Etna-Standard was broken yesterday, throwing off the mill.

YESTERDAY was the last day for the Kinetograph at Goutz's drugstore. It did not draw here as it deserved to.

THE Riverside works in upper Benwood will go on in all departments next Monday, and employ more men than for several months.

LAST night a meeting of the council committee on police was called, but there was no quorum. No specially important business claimed its attention.

THE ferryboat, Charon, running between Bellaire and Benwood, will make trips to-night until 11 o'clock, on account of the sparring exhibition of the Columbian Club.

Two horses attached to the delivery wagon of W. H. Helfenbino were struck by an electric car on the a wheeling and Martin's Ferry line yesterday and slightly hurt.

THE streets were as sloppy yesterday as usual lately, and at some points almost impassable on account of the ice. The ordinance on this subject seems to be a dead letter.

JAMES A. HEARNE's famous new success, "Shore Acres," which has excited so much favorable comment in the east, will be the attraction at the Opera House next Friday evening. This more announcement ought to be sufficient to pack the house.

EARLY yesterday morning the benefit ball given in the Beethoven hall ended with a pretty serious row. One man came out bleeding freely and with his face disfigured, and it was said he had been struck with a beer glass. The other participants seemed to be unhurt.

THE Barnesville, O., Enterprise, which was burned out by the fire there the last of last week, appears again on time, quite as bright, if not quite as large as usual. The people of Belmont county could not do without the Enterprise and will be glad to see that it is still in the ring.

THE ladies of the Woman's Christian Temperance Union will hold a gospel temperance meeting at Hearne's tabernacle Sunday at 3 p. m. There will be good speaking. Mrs. Nellie Holloway will preside at the organ. There will be an excellent tenor solo. At the close Dr. Hattie Jones will give a Bible study.

MISS ANNE BAIRER pleasantly entertained a number of her young friends at her home on Market street, in North Wheeling, Wednesday evening, in honor of the anniversary of her natal day. The evening was spent in games until 11 o'clock, when an excellent luncheon was discussed, and the remainder of the evening spent in music and conversation.

Wedding Anniversary Celebrated.

Last evening Mr. and Mrs. John A. Topping celebrated the twelfth anniversary of their wedding at their home in Bridgeport. The affair was one of the most brilliant in Bridgeport for several seasons. The host and hostess were assisted in entertaining by Mrs. J. C. Heinlein and Misses Nellie Topping and Janie Good, and a large number of friends paid their respects and extended congratulations.

The Courier, of the Parkersburg line, has not yet resumed, and no word has yet been received from her commander, Capt. Mack Gamble.

The ice in the river has almost entirely disappeared. Something that is occasionally noted here is the odor of oil that rose from the ice that passed yesterday. The ice was from the Allegheny about Oil City, and the petroleum odor permeated the atmosphere very noticeably at times.

The wreck of the sunken steamer, R. E. Phillips, at Matamoras, is now out of water almost, and it is said she will almost prove a total wreck. Captain Kline has a force of men working on the machinery, and possibly a portion of it will be saved. The insurance, however, does not nearly cover the loss sustained by the owners.
